Signs may be placed on site.

Signs may be placed off site if the applicant has written permission of the property owner where the signs are to be placed.

NO signs may be placed on state or town owned property or private utility company property, without written permission of the owner. This includes but is not limited to the following five points:

1. Placed in or on the Highway Department medians or right-of-ways;
2. Hung from traffic signs;
3. Placed on boxes that are located in the public right-of-way, street or sidewalk;
4. Nailed or hung from any utility pole;
5. Placed on any corner or in a driveway or exit to a parking area so as to violate the Town's clear-sight triangle law, Section 11-2-5.34 D and G.
